

Beaded Flower Necklace

1. Put seven beads of the same color on a thread for the flower petals.

2. Go back through the first bead to make a circle.

3. Add a new colored bead for the center of the flower.

4. Go through the third flower petal bead (the blue bead).

5. Now you have a flower, add three green beads for the stem.

6. Then start over again by adding seven more beads for another flower.

7. Repeat 2,3,4, and 5.
